## *Kitchenware*

Below is a list of the kitchenware which you can expect to find in the apartments. If some of the listed kitchenware cannot be found in the apartment, you can supplement with the equipment in the depot by 114. And if there is too much of one kind, put it back in the depot. There is probably someone who is missing what you have in surplus. If you cannot find what you are missing in the depot, write a note in English in Nuno's book. Kitchen textiles such as dishcloths can be found at the depot on the 3<sup>rd</sup> floor in the main building (depot for members and staff).
